If you wish to apply for Certification you will need to submit a \$175 check to complete the testing process. After the class you will then be sent home with a slide case analysis to complete and return to your instructor. After the slide case analysis has been completed, you will select a Proctor to administer your written test in your own hometown. You are also required to provide proof of completion of an Anatomy & Physiology Course. This A&P course can be completed after all certification steps have been completed. Your IIPA Certification will not be issued until after you have completed the A&P Course.

<u>Cost</u>
